EXECUTIVE SUMMARY :

Artificial Intelligence and Data Science enthusiast with practical experience in Python, SQL, Power BI, Machine Learning, and Data Analytics, supported by internship experience and hands-on projects. Seeking opportunities to develop scalable data-driven and AI-powered solutions.

INTERNSHIP EXPERIENCE :

Viruzverse Solutions : Machine Learning Intern (21days)

Built a sales forecasting model using time series analysis with Python for predictive business insights.

Ascentz Technologies : Data Science Intern (30days)

Performed data analysis, visualization, and machine learning tasks to derive actionable insights from business datasets.

PERSONNEL PROJECTS :

KARON AI Assistant :

Built an offline voice & text AI assistant with real-time speech interaction and laptop automation Using Llama 3.1 . Designed modular NLP/action engine supporting and multilingual (English + Tamil) capabilities.

AI YouTube Summarizer Agent :

Built an AI-powered YouTube transcript summarizer using Mistral (via Ollama), React.js, and Transcript APIs, enabling extraction, translation, and smart summaries with local LLM + web fallback.

SKILLS :

Technical Skills: Python, DSA, MySQL, Git, GitHub.

Data Analytics: Data Cleaning, Exploratory Data Analysis (EDA), Statistical Analysis, Data Wrangling.

Machine Learning: Scikit-learn, TensorFlow, Model Training, Model Evaluation, n8n, Predictive Analytics.

Data Visualization: Power BI, Microsoft Excel, Matplotlib, Seaborn.

Soft Skills: Analytical Thinking, Problem Solving, Communication, Team Collaboration, Adaptability.

ACHIEVEMENTS & CERTIFICATIONS :

- Solved 300+ coding problems on LeetCode.
- Completed Deloitte Data Analytics Job Simulation (Forage), gaining hands-on experience in data analysis by solving practical business scenarios.
- Certification in Machine Learning with Python by IBM and offered through Coursera.
- Certification in Introduction to Deep Learning & Neural Networks with Keras by IBM and offered through Coursera.
- Earned certifications in Data Science, ML, MYSQL, Python Preparatory, SQL, PowerBI by Intellipaat.

EDUCATIONS :

B.Tech - Artificial Intelligence and Data Science 2024 - 2027
SNS College of Engineering , Coimbatore

AI and Data Science 2024 - 2026
IIT Indore – Intellipaat

Diploma in Computer Engineering 2020 - 2023
GRG Polytechnic College , Coimbatore
